The Regional Poultry Breeding Farm and Broiler Farm established at Kyrdemkulai produced **45.87** Thousand layer Chicks and **0.20** Thousand Broiler Chick respectively. These Layer chicks and Broiler chick were supplied to Government Poultry farms established at different Districts as well as to private Farms for raising their stock.

(b) Scheme for Subsidy for Poultry unit (General) including Scheme for Educated Un-employed Youth and Asstt. to SF/MF/AL for rearing of Poultry is also in existence. Implementation is given in Annexure-I

4.4 Piggery Development: - Pig is one of the most important species among the small animal in the State and pig rearing is the most common occupation with the tribal people of the State. The suitability of the climate, fondness to pork among the major section of the State population and availability of good market for pork promise wide possibilities of development of the pig industry in the State. But the main drawback in this sphere is that most of the farmers prefer to rear inferior quality of stock of non-descript breeds. About 88% of the total villages reared are non-descript local breed and only 12% reared Cross Bred pig.

With a view to upgrade local stock, the Department of Animal Husbandry and Veterinary has taken up schemes to introduce improved breeds of pigs such as Saddle back, Hampshire, etc. These improved breeds of pigs are kept at Government pig farms located in every district for the purpose of demonstration as well as for producing better stock for supply to the interested farmers. A Regional Pig Breeding Farm was established at Kyrdemkulai during the 7th Plan period in the year 1986-87 with financial assistance from N.E.C. The farm, which is now under the State plan, is maintaining Hampshire breed pigs for scientific breeding purpose. The farm produced piglets and supply to all the District farms for raising and multiplication and for supply of these piglets to farmers. Under Piggery Development there were **11 (Eleven) pig farms** including the Regional Pig Breeding Farm Kyrdemkulai established in the State. The stock position and achievement of Government Pig Farms is shown in Table – 3.
