

## Benefits of e-Gopala Mobile App

- It encourages digital literacy in farmers.
- It enables farmers to enhance their income-generating opportunities.
- It reduces third party interference and helps in smooth and transparent transactions.
- Using this app, farmers can get information about artificial insemination, animal first aid, vaccination, etc.
- Farmers can also avail of the information such as due dates for animal vaccination, pregnancy diagnosis, etc.
- However, farmers will also get knowledge about government schemes, campaigning, etc.
